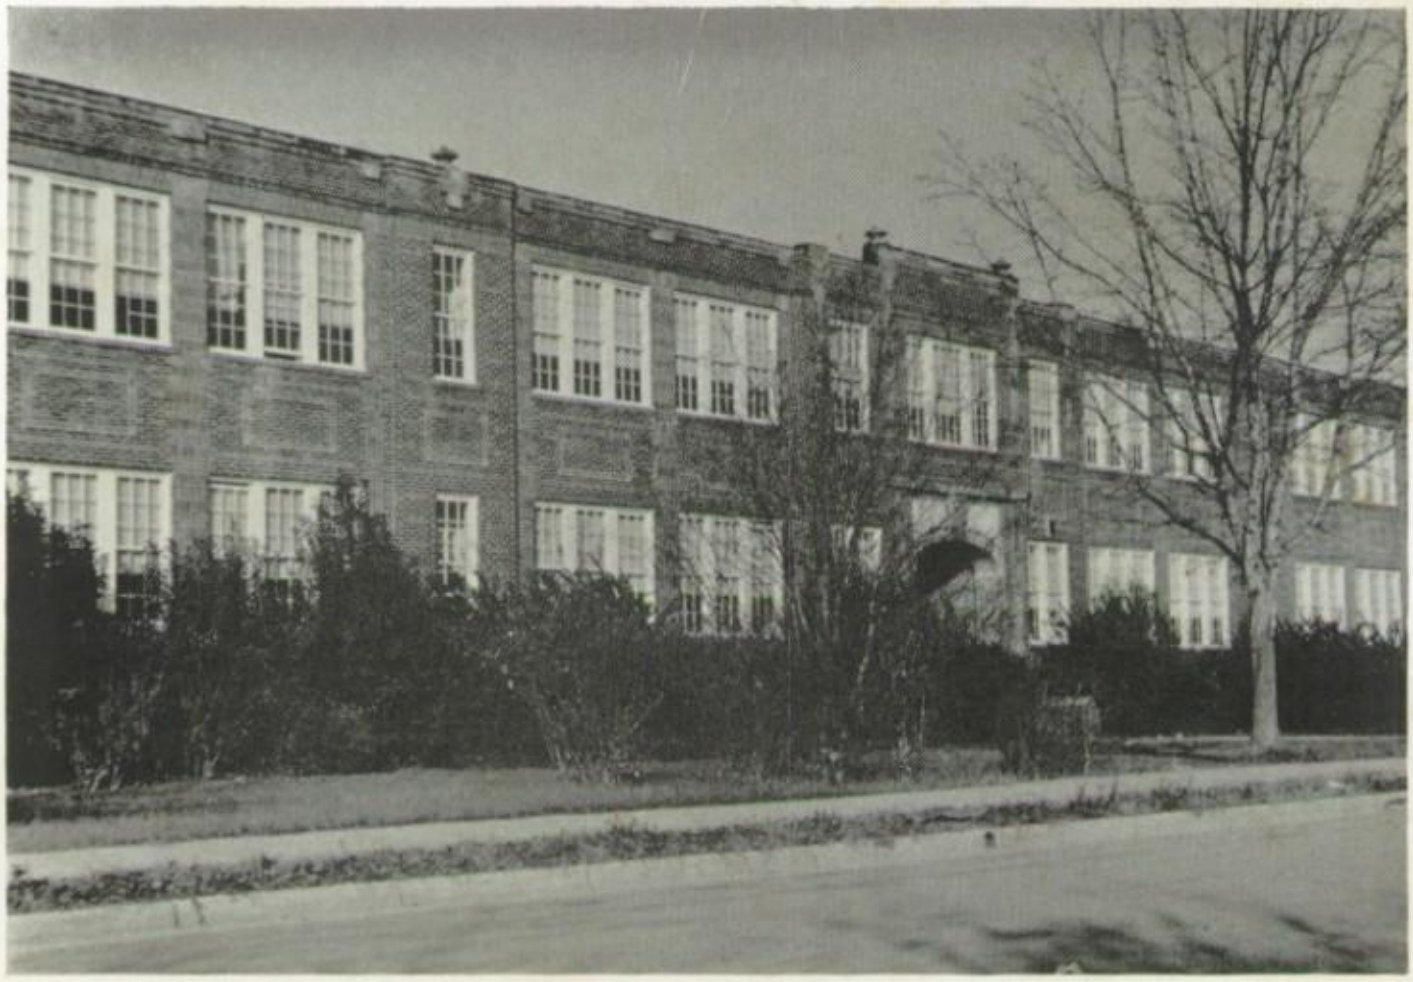
FOREWORD

Students of Mullins High School, this annual is for you. Our memories of high school days are made up of the many happy hours we have spent together. Our fun in clubs, our success or failure on the athletic field, and our hours of toil in the classrooms are combined in cheerish memories of our high school days. We hope with this publication we have enshrined the joys of our "happy by-gone days".



DEDICATION

For his enduring love, dependability, and friendliness; We, the Seniors of 1949, dedicate our annual to Claude Bullock, who has always been a shining example to us.

CLASS HISTORY

One bright September morning, in 1937, a group of frightened, timid youngsters walked up to the grammar school to begin eleven years of long, hard work. It wasn't long until the newness of new place wore off and we soon learned to start the hundred-yard dash to the lunchroom as soon as the bell rang. The biggest thing we found wrong with school was that we couldn't talk when we wanted to.

That first year passed quickly and so did the second, much to our surprise. The next year we were herded into the little building where Miss Turner, Miss Derrick and Miss Watson were our shepherds.

The fourth grade thrilled us with changing classes and here we first met Miss Moore. The old piano took a terrific beating when she wasn't looking.

Miss Senn is always remembered along with that fateful fifth year. Her shoe tree was always humming, it seemed. And that old record player we used to write by; ah, those were useless days, *we* thought.

The sixth grade made us "king-bees" in the grammar school. Several of our classmates left us for good but their places were being filled. Bill Dudley won the history medal this year.

Next year, we were taken down a few notches from our high place in the grammar school. Most of us thought that we would get lost while looking for our rooms in the seventh grade. But the newness soon wore off and we were able to find our classes without being told.

In the eighth grade we were reinforced by a large crowd from Gapway and Scotch. Also Margie Livingstone from Conway, and Janet Lambert, who was transferred from Nichols. This year some of us were invited to join the Journalism Club and were duly initiated. (Need I say more?) Some of the girls helped with the Junior-Senior Banquet this year, too. A few of us got enough courage to go out for some of the sports and played our time on the bench.

The ninth grade found us well accustomed to the high school building, and feeling right at home here, too.

We were surprised with a few new students from Nichols, quite unexpectedly. Some of the boys and girls served at the Junior-Senior this year. We were told that we would have the honor (ha-ha) of being the first class to go to school twelve years. Oh, well!! Another year isn't too long.

In the tenth grade, Bill Dudley was elected president. Gertrude Freeman joined our ranks from Marion and Tom Huggins, a fugitive from Hemingway and another preacher's son; also there was Marjorie McCumber with us now. A lot of our boys were on the football team this year and we were real proud of them.

Now we were closer to the end than we realized, in the eleventh grade. The long-waited time for us to sit in the front seats of the auditorium in chapel was now at hand. Even though we weren't officially Seniors yet, we were the upperclassmen—and that was something. The Student Council was started this year and real progress was made.

We practiced real hard and the Junior Play was a big success, with the help of Miss Hardin and Mr. Yates. The *Revue* was not published this year, much to our sorrow.

And now; it was here. Seniors at last . . . This year the Beta Club was inaugurated. Many new things had been added since we first stepped into ole' M. H. S. Hal Norton was elected president of the class, Sara Huggins, vice-president, and Bobbie Ellis, secretary. We campaigned for Senior Privileges—something unheard of in Mullins before. The Jazz Band, which was started last year, had now grown into a full-fledged orchestra, "The Stardusters". The LEAF staff was elected and quickly got to work on the annual, the best yet. It seemed like no time until we were being measured for caps and gowns. Now that we were really going to leave, we found just how much we really liked M. H. S. Now commencement has come and gone and we said goodbye to good ole' M. H. S.

CLASS POEM

Soon we're going to graduate
And bid you all adieu;
But before we go we would like to leave
This simple thought with you.

If every minute of the day
Would turn into a glass;
Each man would have a lot of them
Before a day had passed.

But look into these glasses
How many do we find;
Are filled with love and kindness
And things to help mankind.

Few are filled with goodness.
And its not hard to guess;
That all of the other glasses
Are filled with emptiness.

If we won't waste a minute
And work hard all the day;
When we lay down to sleep at night
We may be heard to say.

We thank Thee, for this day, dear Lord,
And now before it passes;
We're very glad to say that we
Have filled all of our glasses.

—EDWIN FLOYD,
Class Poet.

CLASS PROPHECY

Dear Hal,

Congratulations! I was indeed pleased when I saw your name in the current issue of "Who's Who in America". Since you were president of our class of 1949, I'm sure you will be interested in these bits of gossip concerning the other members of our class.

Having returned to dear old Mullins last week after ten long years, I found quite a few things changed.

In the business world, Earle Jennings Hayes sure has been prosperous! He bought his beloved wife, Anne Permenter, a new fur coat for her birthday. He even increased his janitor, Ernest Hinson's pay . . . Mrs. Hinson, formerly Grace Hardwicke, is now official washwoman for Bane's Launderette . . . "Smoky Joe's" poolroom burned last week due to the inefficient wiring by Electrician Tom Huggins . . . Jiffie Beckman and Bill Jenerette, after long years of practice, have finally reached their goal of becoming house detectives at the Sir Walter Motel, now under the management of Paul McMillan . . . Kenneth Wright is now under the care of Doctor King Martin and, "The Second Gillespie", Doctor Claude Bullock, undergoing treatments for a slit throat obtained while getting a shave from the town barber Mack Johnson . . . Gertrude Freeman, "Super-duper" reporter of the *Nichols Herald*, plays a prominent part on this staff in writing consolations to the heart broken . . . Speaking of hearts, would you think Edwin Floyd ever had one when he still insists on butchering those "poor little innocent cows"? . . . Our most prominent and successful millionaire, Bill Dudley, is now living on Snob Hill enjoying much luxury with his beloved wife, the former Miss Bobbie Ellis . . . Kenneth Gasque has taken up where his father left off in "Doing A Black Business White" . . . Game Warden "Red" Huggins slightly injured Fleetwood Bass in one of his "drifting" moments! . . . Francis Smith is giving instructions to Jack Graves and Winston King on "How to Get Muscles Fast" . . . Janet Lambert, Joyce Jones, and Betty Jane Brown just can't hold a man, so they're just established an old Maid's home in North Mullins . . . "Tiggie" Hooks, Margaret McMillan, and Flora Jean Collins finally finishing Coker College with degrees in Men Psychology, still can't nab a man, so they have decided to join the North Mullins Old Maid's Home . . . W. G. Skipper and Jimmy Reaves have finally moved to the river, they decided that their old "Model T" just couldn't withstand the wear and tear to go and come back to town in one day . . . Marguerite Mauney is now residing at her cottage at Windy Hill Beach . . . J. T. McQueen and Charlie Smith are coaching basketball at the big city of Fork. Good work boys! . . . Our favorite drummer, Jake Gibbs, had to lay his sticks down because of a broken arm. Mrs. Gibbs just doesn't have any mercy . . . Don't miss Pat Vaughan's new movie, "Petunia Pig Goes On A Spree" . . . These Gapway boys have really come up in this world. S. H. Owens is now head of the Farm Bureau, D. H. Owens is professor of Math at Gapway School, Joe Brown, having reformed, is the pastor at Gapway Baptist Church, and Don Collins just rides around in his good-looking cars. Others making their homes at Gapway are: Margie Livingstone Gasque, Ione Fowler Lewis, and the "Love Birds" Ellen and Herbert . . . Bobbie Webster is now teaching dancing at the University of Hawaii . . . Earnest Williamson has finally reached his goal as chief chicken grower of South Carolina . . . Virginia Snipes after turning down her offer to be a Powers Model, has taken up the profession of nursing . . . Sarah Huggins still can't make up her mind about anything . . . The Ipana Company has hired Ira Rogers to pose for pictures advertising their products . . . Annie Mae Merritt, Annie Mae Miller, and Marjorie McCumber have opened a new beauty salon, specializing in "How to Become Beautiful" . . . Kenneth Rogers has an experimental farm of his own at Rains, South Carolina . . . Betty Dean Rogers having such a love for fireworks and excitement has just tied the knot with Capps . . . Mrs. Clyde Richardson, the former Miss Mary Lib Lowe, had such a love for dumb animals that she is now raising little " 'possums".

As for me, I just live and look after other people's business!!!

Sincerely,

ALMA JEAN JOLLIE,
Class Prophet.
